"Go to Town"

Striped materials like this handsome, fade-proof Printed Batiste do indeed "go to town" this season!

The styles seem to have been created purposely for them, as this model for larger women surely implies. Striking, isn't it? Youthful, too, and somehow it "does things" to one's figure—slenderizes, let's say.

You'll so thoroughly enjoy this dark sheer, we wager you will want both colors. Back is plain. White Organdie adds a fresh crispness that is most refreshing. Mailing weight 9 oz.

## A LITTLE EMBROIDERY SOMEWHERE

### a most important detail

Probably one of the most important style details this season, so far as trimming is concerned, is embroidery. Merely the outline of the tiniest flowers or a good-sized spray and in solid tones, pastel, or bright colors. Just so long as there is embroidery you may be sure it is in good style.

For this very stunning afternoon frock we have used embroidery as its sole trim—yellow-centered white daisies with their graceful, long green stems. Effective! Rich-looking!

Other noteworthy features are the large revers, shirred, three-quarter Bell sleeves and the below-the-knee flare.

In keeping with the clever styling of this dressy Edna May, we have chosen a De Luxe Rayon-and-Acetate Crepe—a beautifully-fine canton crepe that dry-cleans wonderfully well.

Plain back; self-belt with covered buckle. 2-in. hem. Mailing weight 12 oz.

## DOTTED SWISS IS IN HIGH FAVOR but insists on simplicity

Simplicity in the nth degree, but how perfectly charming! What a sensible frock for general summer wear—for any time of the year as a "dress up" about the house.

How you will enjoy this comfortable, shirt-waist style! Unless we're mistaken, you will want it in at least two of the colors, for it tubs perfectly. Dotted Swiss—most popular and a very desirable quality. Colors are guaranteed fade-proof.

Note the flared front-gore which furnishes the much-talked-about, below-the-knee fullness, the pleated sleeves and the flattering neckline. Back is plain. Suited to all sizes and ages. 2-in. hem. Mailing weight 10 oz.

## IT'S "TOPS" FOR STYLE See It on Opposite Page

Were you to pay four times this price you would not get more style! Looks perfectly marvelous in the picture, doesn't it? It will look equally distinctive on you.

All-Rayon Rough Crepe, cut on the newly-fashionable princess lines, with the favored, new-length, leg-o'-mutton sleeves and pleated skirt. Fastens full length of waist with fancy buttons. Self-belt with covered buckle.

Here, too, we have a touch of embroidery and, in this instance, it is in a variety of soft, pretty colors. The collar is another fashion detail about which well-dressed women are most enthusiastic. 2-in. hem. Dry-cleans to look like new. Mailing weight 12 oz.

## Fashion's Very Finest

### AT MAKER-TO-WEARER PRICES

FASHIONABLE Edna May garments direct from us to you—from factory to wearer! That is why their values are so exceptional—no in-between profits for anyone! The saving is yours! No wonder so many women will buy no others for themselves or their children. No wonder so many thousands are dressing better these days—they've learned about these big-value, nationally-famous Edna May styles.

### STYLED BY OUR OWN DESIGNERS AND MADE IN OUR OWN FACTORY

FASHION'S newest, most wearable styles created by our own designing staff which is in constant contact with the most reliable sources.

All are made right here in our spacious, light, airy, sanitary factory, under pleasantest working conditions. Made by operators, each a specialist in her particular line, who take a keen, personal interest in their work.

### SPECIAL ATTENTION GIVEN QUALITY, COLORS, SIZE, FINISH

FIRST, the quality! Nothing but the best will do—then, we set the price! In choosing colors we insist upon the very best that can be used for the materials selected—fade-proof when we can get them but at least tub-fast, if it is possible. As for sizes, we use only standardized, well-proportioned, generously-sized patterns, with special ones for the larger sizes to give the needed extra width through shoulders, hips, upper-arms, bust and armholes. Never do we skimp, however low the price. If the material isn't pre-shrunk we even allow extra for possible shrinkage.

No detail is too minute for us! We insist upon a good hem if possible, always making a double turn. If a seam has to withstand undue strain, we double-stitch it; in all cases, we insist upon uniform, proper-length, stout stitches. No ravelly, bulky seams if we can help it! We want perfection and feel no detail is too infinitesimal for our most exacting attention and inspection.

### EVERY PURCHASE BACKED BY OUR GUARANTEE OF SATISFACTION

YOU never need worry about an Edna May purchase or any other Larkin purchase—the generous Larkin Money-back guarantee protects you completely. Either you are satisfied or your money is returned in full. What could be fairer—unless it is our invitation to compare Edna Mays with other makes, even the higher priced?

# Choose Your Suits Complete or Assemble Your Own

Distinctive! Different! As highly-styled and as well made as frocks selling for twice our price. But, that's the way with Edna Mays—they are always better in every way!

One of those ultra-modish, bold, monotone prints that are not only "tops" for the season but just about the neatest, prettiest, cleanest-looking created. Very, very effective, particularly when White Pique is the trimming as in the case of this striking Navy-and-White pattern.

Here's a Printed Linene (cotton) frock that really "does something" for the larger woman's figure. Quite different than the usual \$1.69 (cash) dress—better material, color and workmanship and generously sized.

Deep pleat furnishes front-skirt fullness. Back is plain; 2-in. hem. Self-fabric tie-belt; fancy white button.

Top this clever frock with any of the short white coats we offer and you will have a suit as smart-looking as any offered this season. Tunic coat No. 36 would also be excellent with this dress—choose the brown for the aqua dress and the blue for the copen. Print coats are "quite the thing!"

Rather tricky, isn't it, with its epaulet shoulder, binding trim and fitted lines?

Extra-high-grade, fade-proof Linene (cotton) with contrasting buttons and binding trim. Opens part way down back which is plain. A youthful style you will thoroughly enjoy! 2-inch hem.

Regardless of height or size, most anyone can wear this raglan-sleeve coat, with its roomy pockets and pretty, notched collar.

Most practical of all! Pretty enough for the street; lovely, too, about the home.

An especially-designed model for women of larger build—neat, trim, slenderizing and, most important of all, absolutely comfortable. Cut on the famous Edna May larger-size lines to give plenty width where larger women need it.

Print Cloth is the fabric chosen—a wonderfully-fine quality, in fade-proof colors. A monotone print in Aqua-Blue or Black, with the small design in white.

White Rickrack and matching plain-color piping trim the slenderizing collar and deep pleats furnish sleeve- and skirt-fulness. Back is plain. 2-in. hem.

Broadcloth—that best-liked of all tub prints! A firm, nice weight, too, that gives most satisfactory service. Launderers easily and “irons up” to perfection.

Dark, fade-proof colors have been chosen—Brown or Navy, with White. If you have always shied at checks, here's your opportunity to prove you can wear them—this neatest check has been carefully chosen for larger women.

Every detail, for that matter, however infinitesimal, has been selected for its becomingness to larger women. To further the slenderizing effect, our designer has outlined both the print and White Pique collars with matching, plain-color binding.

## Shantung Sheer in Light-toned Floral

Isn't that the most unusual, dearest collar? So sweetly refreshing—so youthful! But then, everything about this light print is charmingly youthful—the simple, paneled skirt so trimly piped in contrasting tone, the neckline and those new-length, modified leg-o'-mutton sleeves!

Even the material is youthful—a medium-size, floral pattern printed on semi-sheer White Cotton Shantung woven in fancy, cord-check. Brilliantly-gay colors, with those mentioned below predominating.

Collar and pleating are permanent-finish White Organdie of superior quality. It is to this lovely trimming, with its contrasting piping, this glorious Edna May owes much of its modish appearance. 2-in. hem.

## FACTS YOU WILL WANT TO KNOW ABOUT THESE GARMENTS

**HEMS**— $\frac{1}{4}$  in. deep if skirt flares considerably, regardless of size. Otherwise, the women's have a 2-in. hem, the children's have a 4-in. hem and the girls' have a 2-in.

**COTTONS**—Guaranteed fade-proof unless otherwise stated—fast to sun, tub and perspiration.

**RAYONS and LACES**—Many are tubfast—guaranteed fast to washing. Others should be dry-cleaned for best results, and still others may be tubbed if care is exercised. Correct information concerning each is given on the page where garment is illustrated.

Much depends upon the texture of the material—each has its own individual peculiarities. In all instances, we insist upon the very best dyes obtainable.

**ACETATES and SPUN-RAYON**—Dry-cleaning is always advocated.

**TRIMMINGS**—All harmonize as perfectly as those pictured. We are extremely careful about this.

This is an important announcement because Vitamin F is helpful if your skin is to remain fresh and youthful. Research work done at the famed Pacini cosmetic laboratories has proved that the proper use of creams containing Vitamin F gives the skin a fresher, younger looking appearance.

## FINEST FLAVORING EXTRACTS

LARKIN Flavoring Extracts have no superior. None but the very finest ingredients go into their manufacture. We are among the oldest and largest makers of fine extracts, with a reputation, attained through service to three generations of housewives, for making nothing but the best. In repeated tests by impartial experts, too, Larkin Extracts have been chosen from among many samples as being superior to others. All Larkin Extracts are made under the constant supervision and control of experienced chemists, who are constantly alert to safeguard the quality of the products.

Take Larkin Vanilla, for example. It has that mild, but delightful aroma and flavor that good cooks associate with the finest Vanilla Extract. Those who have used it know that it has no superior. Here are the reasons:

- 1—It is *real* vanilla—not imitation—made by scientifically blending and extracting the very finest quality selected Bourbon and Mexican vanilla beans. Absolutely pure. Contains no added coloring matter.
- 2—Larkin Vanilla Extract, like good wine, improves with age. It is aged for at least six months before being bottled, which brings out the full rich, lasting flavor.
- 3—Its strength makes it go further. Thus it is very economical and a big value.

The same is true of all other Larkin Flavoring Extracts. Finest quality, absolute purity and highest strength prevail.

## SALT FREE RUNNING

The human body demands an abundance of salt. It is of the utmost importance, therefore, that it be absolutely pure. This, together with its high degree of purity, produces a free-running salt far superior to ordinary salt commonly sold.

### Aids in Preventing Goiter

Larkin Iodized Salt is the same as regular Larkin Table Salt except that it is incorporated with approximately .02 of 1% of iodine. It is prepared under supervision of a qualified chemist.

## for TENDER SKINS

## LARKIN CASTILE SOAP

Made of Pure  
Olive Oil

For generations mothers have used Castile Soap to bathe babies. Doctors and nurses recommend it. When used it develops that soft velvety lather which is so kind and gentle to tender skins.

This mild, soothing, delightful effect is obtained *only* by the use of *pure olive oil*. And *only pure olive oil* is used in Larkin Castile Soap. Other soap makers have one by one introduced substitutes. But Larkin Co has kept faith with the mothers of America! We have refused to cheapen Larkin Castile Soap because we know that anything other than pure olive oil might harm the baby's soft, pink skin.

Not only do you know that you are getting in Larkin Castile Soap a soap that is absolutely pure, you also get one of the daintiest and most charmingly-shaped cakes it is possible to produce. The new cake shown, with a baby's head outlined in cameo-like beauty, adds new delight to the use of this marvelous soap. It will not warp or shrink and being firm and hard, wears away slowly. ## MAID O' THE MIST FLAKES

For all fine laundering! You'll delight in them particularly for sheer garments you like to wash right in the bathroom wash bowl. Because they are of "cobwebby" thinness—they dissolve almost instantly in any water, forming fragrant, foaming suds that carry dirt, grime and perspiration odors away almost magically, leaving clothes with a "clean" odor. Laundering underthings is so easy with Maid o' the Mist Flakes that many do it every night to avoid giving offense from perspiration odors in garments.

Cannot harm the most delicate fabrics or skins. They keep your hands soft, white and lovely. Only the finest grades of edible tallow

and coconut oil are used. No coloring added. Nothing but pure soap of highest concentration. Most economical. A teaspoonful goes a long way. Use for dishwashing, too!

IN ANY  
WASH**

Tissue-like, extra-thin, milky-white, all-purpose soap chips that dissolve almost instantly, making heaps of rich, cleansing suds in any water—hard or soft, hot or cold. The result of years of experimentation and research to create flakes that will be perfect for all household uses from the roughest sort of scrubbing to the gentle cleansing of the daintiest fabrics. Their mild, soapy suds almost magically flush away the particles of dirt without the slightest injury to the material.

These miracle chips, made by the latest and most modern machinery, mean less running of the washer, less boiling, less rubbing, and time, effort and money saved. They serve every kitchen and laundry soap need. In the washing machine they wash clothes to a snowy whiteness. They are as satisfactory for laces, silks, lingerie, and other sheer materials as for ordinary washings. For washing dishes, there is nothing superior. Made from pure, sweet-smelling coconut oil and other carefully-selected ingredients. Mild and pleasant for the hands. Cannot harm the most tender skin. ### Durable—Waterproof—Sunproof

Larkin All-Purpose Enamel is exactly what its name implies—"all-purpose"—for use everywhere on furniture, woodwork, cars, toys, floors, etc. Sunproof and waterproof. Applied in the same way and has the same clean, mild odor as the old-fashioned, slower-drying enamels. Flows out freely and sets slowly enough so that it may be brushed forward and backward and crosswise without danger of laps, streaks or brush marks. Yet it dries so that it is not sticky and there is no danger of dust adhering to it in two hours and dries hard in four hours, producing a rich and beautiful gloss. Only, practically, in fine baked-on enamels, is found a finish comparable to that produced by Larkin All-Purpose Enamel with its hard, smooth, deep luster.

### Requires No Special Thinner

Larkin All-Purpose Enamel requires no special thinner. Turpentine is used for thinning it and brushes used are readily cleaned in turpentine or gasoline. May be applied with spray gun by suitably thinning it. Sixteen exquisite colors as well as black and white. Many additional tints may be procured by mixing various colors.

# PAINTS • ENAMELS • VARNISHES

## 4 HOUR-DRY VARNISHES

It is important to keep up the cheerful appearance of your home these days. What a change newly refinished floors, woodwork and furniture create! All this is so easy to achieve with a little time and effort and a can or two of Larkin Varnish. Besides the satisfaction you will enjoy, this is a genuine economy, increasing, as it does, the life of floors, etc., and preventing your home from becoming dilapidated.

One gallon of Larkin Varnish covers about 300 square feet, two coats. Before varnishing new, open-grained wood such as oak, ash and mahogany, fill pores with paste filler. All offers dry in four hours, enabling you to apply the varnish and use the floor or furniture in perfect safety but a little while later. Mailing weights: ½ pt., 9 oz.; 1 pt., 1 ¼ lbs.; 1 qt., 2 ¼ lbs.; 1 gal., 9 ¼ lbs.

## FLOOR VARNISH 802

Revolutionary new improvements, developed by the Larkin Paint Laboratories, make Larkin Floor Varnish positively without a superior in its ability to stand the hardest wear. In every way it is made to give lasting, satisfactory service.

On floors, a finish receives the greatest wear, produced by the constant tramping of feet, repeated cleaning, etc. Larkin Floor Varnish, in addition to producing a hard, wear-resisting, flint-like, yet beautiful surface, is absolutely unaffected by boiling water, acid- or alkali-solutions, alcohol, fruit juices, and other like conditions found in the home.

It is light amber in color, easily applied, and dries in four hours with a beautiful, smooth gloss. For all its toughness and waterproof character, it is elastic to a degree that it does not become brittle with age or break under denting.

# THE WELL-KNOWN LARKIN CLUB OF TEN OR FIVE

IN the Larkin Club of 10 you and nine of your friends band together to secure beautiful things for your homes. You and your friends buy Larkin Products . . . foods, toilet goods, soaps, etc., through your Club at "With Premium" prices.

In all, each of you will buy a total of \$10 worth of Larkin Products (from Catalog pages 2 to 65) with each order. In addition, each member will receive in turn the choice of any \$10 Larkin Premium (Catalog pages 76 to 174). Each time, the Secretary will combine the ten \$1 Product purchases of the members into a \$10 order and send the order to Larkin Co accompanied by her payment. At the same time, she will order a Premium for the member whose turn it is to make her selection.

## MEMBERS MAY TAKE COUPONS

A popular variation of the Club of 10 is called the "Coupon Club." In the Coupon Club instead of Products for her \$1 payment each member gets \$2 in Larkin Coupons. By the end of the Club she has thus acquired \$20 worth of Coupons, exchangeable either for Larkin Premiums or for Products at the members convenience.

Oftentimes members agree to dispense with the use of coupons in the Club. They decide among themselves the turn in which each will receive her Premiums. Each member, then, puts

*Larkin Co Inc.*  
70

in her dollar per order for ten successive orders, but instead of taking coupons each turn, she receives at her agreed Premium turn the merchandise value to which her ten one-dollar payments entitle her. It may be that she will take this value entirely in premiums, which would, of course, give her Premiums worth \$20 in coupons. She may take it all in Products which would give her a total value of \$20 worth of Products at "with Premium" prices. Or, she may take an equivalent value of Products and Premiums combined.

## THE CLUB OF 5

The Club of five members is conducted very much like the Club of 10. In this Club, however, since there are only one-half the number of members, each member purchases \$2 worth of Products in order to make up the \$10 order each time. The series consists of five orders of \$10 each. Each member receives during her membership \$10 worth of Larkin Products and any Larkin Premium given for \$10 in Larkin Coupons. Or she may take her entire value in Coupons, which would give her \$20 in Coupons exchangeable for Premiums or Products.

## COUPONS

### their Value and how to use them!

**L**ARKIN COUPONS represent credits due you for Larkin merchandise. They are issued in the following denominations . . . . 5c, \$2, \$5 and \$10. Larkin Coupons are exchangeable at any time for any Larkin merchandise advertised in the current catalog.

Customers often wish merchandise which costs more than one Club share. Or they wish to save Coupons for some particular Premium. These customers take Larkin Coupons when their Club turn comes, thus postponing their Premium selection until they have enough Coupons to get the merchandise they want. At the time her Reward is due, the Secretary's Reward will be paid in Larkin Coupons unless she orders merchandise.

## How to Use Larkin Coupons

When your turn comes in a Cozy Home Club, for instance, if you do not want to select merchandise at once, you may take Larkin Coupons instead. As a rule, Club members request Coupons when they are saving for merchandise which costs more than one Club share. Perhaps you have decided you want a Premium offered for, let us say, \$20 in Larkin Coupons.

In this case you request \$10 in Larkin Coupons for your Club share. You retain these until your turn comes in the next series of the Club, when another \$10 in Coupons are due you. Thus you will have the necessary \$20 in Coupons with which to get the merchandise on which your heart is set.

### If You Wish a Larger "Premium" at Once

If you do not wish to wait for a Premium of larger value than your one Club share, you may pay the difference in cash. In order to find the amount of cash necessary to send, merely divide the value of the Coupons which are lacking, by two. If you lack \$10 in Coupons, for example, it would be necessary to send \$5 in cash.

Or perhaps, as a Club member, you have \$10 in Coupons due you. You desire merchandise offered for \$15 in Coupons, so you lack \$5 in Coupons. In such an instance, you may pay the Coupon shortage in cash at the rate of \$1 cash for each \$2 in Coupons lacking. Thus you get your selection at once by paying \$2.50 cash in addition to the value of your Club share.

## Send Us a 30-Day Trial Order

### The Larkin Guarantee

No simpler, stronger guarantee could be written than the Larkin Guarantee. It means just what it says . . . "We Guarantee to Satisfy You or Return Your Money."

For over sixty years this great guarantee has been the foundation stone of the Larkin business. One might well say that upon it our vast nation-wide business has been built. It protects the customer who has dealt with us for twenty or thirty years, just as it did at the time of her very first order. Just so will it assure your satisfaction in any purchase you make, no matter how large or small.

# ORDERS shipped WITHIN 24 hours

**Y**OUR goods are on the way to you within 24 hours. Eastern orders, with the exception of Philadelphia and vicinity, are handled through our main factories at Buffalo. Our Peoria Branch serves our customers in Illinois, Wisconsin, the upper peninsula of Michigan and all points west of the Mississippi River. Thus western customers in this area pay transportation charges only from Peoria (unless offer specifies otherwise).

## Prompt Delivery by Parcel Post

Parcel Post is quick, convenient, and economical, bringing goods directly to your door. Mailing weight is given for each mailable item in this catalog. You can determine what it will cost to send your order by Parcel Post by reference to the accompanying table of Parcel Post rates.

If you prefer, we will send your order Parcel Post, postage collect. You pay the postage on delivery. Thus you avoid computing the amount of postage to remit. The Government now accepts Parcel Post packages up to 70 lbs.

If the words "Shipping Weight" appear in description, the article must be shipped by Freight or Express. The freight weight is given in each description. If shipped by express, the furniture must be crated and that increases the weight beyond the freight weight.

## Freight Shipments Delivered to Your Home

Railroads now in nearly all instances make delivery of freight shipments to your home which saves you the delivery charges from the freight station.

## Transportation Charges

The prices of Larkin merchandise quoted in the catalog do not include delivery charges. Since freight and delivery, parcel post or express charges are borne by the Club members and customers, Secretaries are instructed to collect these charges in addition to the money to pay for the merchandise. Be sure to make it clear to your members that they must give you enough besides the price of the goods, to cover your transportation cost.

## Former Offers

Most articles offered in the previous catalog and omitted from this, can still be furnished. Save your Larkin catalogs for future reference.

## What "Shipped K. D." Means

This term, used in some offers of furniture, means "knocked down" or taken apart, so that smaller, compact crates may be used for packing. This reduces our packing costs, making our prices to you lower. Furniture so packed reduces the freight charges you pay.

All our K. D. furniture is easily set up in a few moments as only the chief parts are unassembled. Simple instructions furnished.

## How to Remit Money

Remittance with your order should be by postal money order, express money order, check or registered mail. Only by these methods do you insure the safe arrival of your money. If you send cash, be sure to have it registered.

## Leave the Method of Shipment to Us

Our Traffic Department often can save you money, if you leave the method of shipment to us. When we cannot ship to advantage by Parcel Post, we ship by Freight or Express, whichever is cheaper and better.

We will, however, ship in the way you request, although that may be more expensive, if you explain your preference. For example, you might write on your order

"Ship by Express for May 12 anniversary."

## Safe Delivery Guaranteed

We guarantee safe delivery. If you think you have been overcharged, send us the receipted bill. We refund promptly any Freight or Express overcharges.

Products and Premiums are usually shipped together. When, to save you cost, a Premium is shipped direct from the manufacturer, the catalog tells the shipping point.

If any goods are damaged or lost, report to us at once. Also notify your Freight or Express Agent.

All goods are rigidly inspected and leave us in good condition. Always examine goods sent by Freight or Express at the time they are delivered. If anything is damaged or missing, have agent write it on the Freight or Express bill. Send endorsed bill to us within 24 hours and we will adjust the matter immediately.

A copy of our next catalog, ready about August 10, 1937, will be mailed promptly to all Club Secretaries, and on request to anyone.

Despite the provincial appearance, the cycle of Time swings round and this style becomes extremely modern in feeling with its white ground and broad, green, red and blue stripes. ## Crescent Art Rugs—at Popular Prices!

By the Makers of Gold Seal Congoleum.

Two rugs that will favor your purse and flatter your pride are shown on the opposite page as H. and I. They, too, are made by the makers of the famous Congoleum.

These rugs are low in price—values that you cannot easily duplicate elsewhere. They are durable because the felt base on which they are made is tough to withstand hard wear, resilient making them easy to walk on.

The patterns, as with all hard-surfaced floor coverings, will last indefinitely if varnished or waxed—an easy task with Larkin Vartex. Clear, bright colors are nicely blended in the designs that are expertly printed in high-grade oil paints. Easily kept clean.

These felt base rugs measure up to the standards of American housewives. Suitable for use in any room; rugs of this type are no longer limited to use in the kitchen.

# SEAMLESS Wilton

This Wilton is the finest rug we offer; naturally it costs the most. When buying a rug you are choosing far more than a floor covering, you are buying part of the decoration of a room—the color scheme—for the rug is going to last, perhaps, a lifetime. With a Wilton you will have lasting satisfaction.

In weaving a Wilton all of the different colored yarns forming the design are carried in the back of the rug when not needed in the pattern. This assures a firm, thick rug that cushions the feet and results in the luxury, the exquisite beauty and years of service that mark a good Wilton.

A fine Persian pattern in soft tans, blue, green, ivory and black on an old-rose background. Worsted yarns produce a rug of finer quality, richer sheen and greater durability than the shorter wool yarns and this rug is woven of worsted long-fiber yarns. Seamless and fringed. Small size shown on page 117.

## MADELON PATTERN SERVICE FOR SIX

**18** PIECE SET  
GIVEN FOR  
**\$10**  
IN LARKIN COUPONS

REGULAR  
RETAIL  
VALUE **\$8.50** CASH

We guarantee to replace any piece of Tudor Plate Silverplate which fails to give satisfactory service in ordinary family use.

AMONG the foremost silversmiths of America stand Oneida Ltd., makers of silverplate of exquisite fineness, rare beauty and proven service.

Patterns of utter loveliness are designed by their talented artists who rank high in their profession and delight in using their genius to design table appointments that every household may enjoy.

On this page is shown the Madelon. The loveliness of the new Madelon design is distinctively in key with today's taste. It combines simplicity with an exquisite richness that edges each piece with a hand-wrought effect of ornament in the modern French manner.

Not only is the design itself exquisite, but the quality of Tudor Plate is without question. The base metal is 18 per cent nickel silver, which is the very best base metal being used today in silverplated ware. This base is covered with an overall protective plating of pure silver. The principal pieces have an additional disc of pure silver at the point of greatest wear. These quality points make possible a full replacement guarantee by the manufacturers.

The knife blades are the famous Mirror Stainless Blades which are impervious to rust or stain, retain a sharp cutting edge and have the sheen of silver. The fork tines and spoon bowls are bright finish; the remainder of the pieces have a lovely Patine finish, lustrous and satiny-gray, shining with a softly gleaming luster formerly acquired only through years of careful polishing on the part of the housewife—now modern methods in the making have captured this beauty.

### The Service for Six

This 18-piece set makes a good beginning toward acquiring a complete table service. Its pieces are the essentials—6 dinner forks, 6 dinner knives with stainless steel blades, and 6 teaspoons.

The set may be had in the attractive new Madelon pattern in which it is shown or in the equally lovely June pattern shown on the opposite page. Also on the opposite page are listed other pieces you will want to secure later. This pattern makes so handsome a set that it is well worth working for. You'll enjoy having it; your family will enjoy using it; your friends will admire it.

**INNER STRAP CONSTRUCTION**  
**STOPS SPREADING**

**50% LONG WEARING**  
**SATEEN TICKING**  
**GIVEN FOR** **\$21** IN COUPONS

Greater comfort! Longer life! Greater value! Lasting satisfaction! Inner strap construction gives you all these advantages at no extra cost in this high-grade, restful and extremely serviceable mattress. Bulging, spreading, stretching and losing shape with consequent loss of comfort are effectively prevented in this new mattress, by bands securely sewed inside of the ticking, as shown. These straps of heavy tape, sewed right on the inside of the ticking, insure that the mattress will retain its original shape and softness.

The inner strap construction is an added feature that makes this mattress an extra value. Its real comfort comes from the layer upon layer of thick, new, soft, felted cotton, which when compressed affords the most delightful yielding buoyancy and support that conforms to every curve of the body.

Such a mattress demands a fine covering. You have it in the heavy, sturdy and lustrous warp sateen ticking in modern shaded stripe design, choice of orchid or blue. Full-roll, double-stitched edges. Rounded corners. Deep, 5½-inch box. Deep, uniform tufting.
